

Company Profile

MINIMAX Engineering Services

Solution for all industrial Engineering Fabrication & Supply

Racking System, Platforms, Tanks & Vessels, Electrical DBs, MDBs

Wiring Update for Electrical panel and Supplies.

Factory have capacity to perform multiple fabrication jobs at a time.

Company Introduction:

We have pleasure in introducing ourselves as manufacturers of specialized process equipments electrical panels and SS and MS fabrications. During our operation we have developed, fabricated and perfected many process equipments and electrical switchgear. The company was started in 1998 with modest operations; today our products are widely accepted in the Chemical, Pharmaceutical, Food, Cosmetic and other industries.

At **MINIMAX** we pride ourselves on our ability to react to even the most detailed of client requirements, but never losing site of the original philosophies on which the company was built. Our core company strength is in providing a well coordinate and project managed metalwork package, from tender stage through to contract completion.

We are confident of being able to guarantee full commitment and satisfaction on all contracts regardless of size or market sector.

Company History:

Facilities necessary for fabrication of our product range. The expertise gained over years has emboldened us to innovate & create custom built equipment / switchgear.

The company has grown staidly; its growth has been aided by:

- A. Adherence to quality.
- B. Utilization of latest technology.
- C. Service to the customers.
- D. Competitive prices.

Quality comes as a standard

MINIMAX work is committed to meet international quality standard as well as any local or regional codes and be among the top manufacturer of Electrical switchgear, Tanks and Pharma machinery in the local and international markets. In the regional perspective, our mission is to provide and develop products and services to meet the need and expectations of our customers relative to the maxims "Fitness for purpose"; "Safe in Use" and the "Value of Money".

Our rigid Quality Assurance / Control procedures are maintained and implemented to the highest level of standard. This is in order to ensure that the product quality and services will meet the stringent requirements of our customers and their specifications.

Engineering & Fabrication:

Our modern production facility fabricating process, experienced craftsmen, design engineers and applications engineering team provide the resources to collectively produce the highest quality crafted Electrical switchgear, tanks and machinery in the world. Contact us to take advantage of over 30 years of design and crafting experience to improve your process and products. Our methods, processes, experienced team, modern production equipment and plant facilities work collectively to produce a full line of Electrical switchgear, Tanks and machinery to meet your specific need.

Employment Policy

Every employee is given an equal opportunity to develop himself and grow in his career. Continuous training and retraining, career planning, a positive work culture and participative style of management have engendered development of a committed and motivated workforce setting new benchmarks in terms of productivity, quality and receptiveness.

Solutions we offer in our services

Fabrication Side: Stainless Steel or Mild Steel

- Platforms
 - o For Tanks & Vessels
 - o Flooring
- Racking system
 - o Light duty racking for warehouse
 - o Heavy duty racking system for Area
 - o Flooring racking system
- Tanks & Vessels
 - o Storage Tanks
 - o Chemical Tanks 316L
 - o Steam Jacketed Tanks
 - o Pressure Vessels
 - o Mixing Cattles
- Labour Lockers, Almeria, Cabinets
- Sinks, Washbasins
- Tables & Filing Cabinets
- Electrical Panels (housing or complete with standard wiring)
 - o MDBs
 - o DBs
 - o PFIP
 - o Motor Control (MCC)

Other Services we offer:

- Wiring of Electrical panel
- Upgrading & Automation Electrical controls
- Electrification of Factory

Our manufactured product Picture Gallery: (more available on request we have done many jobs which cannot be explore here)

Visit : www.minimaxengg.com (more pics & details)

Fabrication side:

Platforms for Tanks vessels and MS flooring

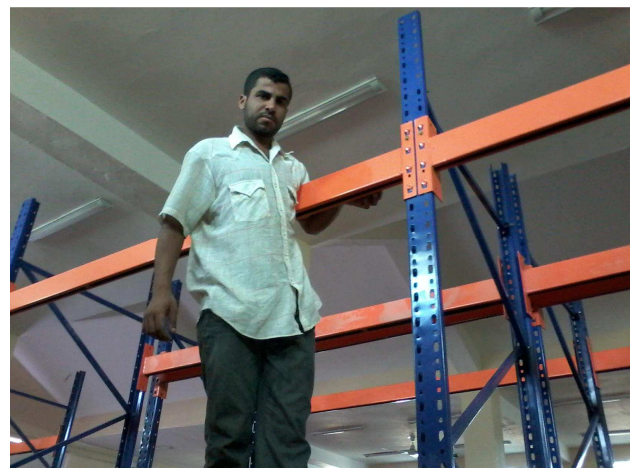

Tanks and Vessels Storage tanks processing tanks and Cooking tanks Jecketed.

Mass manufacturing in MS Racking, Pallets and Platforms

Fixing & Installation

Store Racking System Cantilever, Heavy duty, Drum Racking, four angle racking.

Cabnets, Lockers, Change room tables stools, Shoe racks, Sinks, wash basins. SS or MS

Pallets in Angel Iron or GI Sheet complete

Electrical Side:

Designed for Powder Mixing Cattle

Designed for Mixing Tank

Man Power :

Key Personnel's

Mr. Ghulam Ghouse Javed	(SS Fabrication)
Mr. Mohammad Umer	(IR & P)
Mr. Mohammad Yaseen	(MS Fabrication)
Mr. Mushtaq Jonejo	(Pharma Machineries)
Mr. Rasheed Ahmed	(Industrial Relation)
